

Flutter Web

SQUARE PEAR

Luka Knezić

email / luka@square-pear.com

Flutter Web

- Uses same codebase (v1.9.0)
- Most active packages support it

Cons

- Not everything works
- No isolates
- No dynamic loading
- Text selection

Pros

- Same codebase

Web in production

- Is in beta
- Maybe for simple single page designs

Flutter Europe

- Talks will be on Youtube

Thank you!
